

HAYLIE WONG

PRODUCT DESIGNER | TORONTO, ON | HAYLIEWSW@GMAIL.COM |
LINKEDIN.COM/IN/HAYLIEWSW

PROFILE

Product designer with 5 years of experience turning complex needs into clear flows, polished interfaces, and practical design systems. I balance customer insight, business context, and technical constraints to help teams ship experiences that are easy to use and built to last.

EXPERIENCE

2021 - Present

Product Designer | Digital Products

Lead end-to-end product design across discovery, flows, interaction design, prototyping, and high-fidelity UI. Partner with product and engineering teams to clarify problems, align on solutions, and evolve experiences through feedback.

- Translate customer and business needs into clear, accessible user journeys.
- Create wireframes, prototypes, and production-ready interfaces in Figma.
- Build reusable patterns that improve consistency and speed across product surfaces.

2024 - Present

Indie Game Developer | Interactive Experiences

Design and build an original interactive product from concept to playable experience, with a focus on onboarding, feedback loops, progression, and player delight.

- Define interaction systems and UI that make complex objectives easy to understand.
- Iterate on flows and moments of friction through playtesting and observation.
